

SUSTAINABLE DEVELOPMENT GOALS

10 REDUCED INEQUALITIES

10.6.7 Does your university as a body provide accessible facilities for people with disabilities?

Yes, UBT is committed to supporting people with disabilities and ensures that all campus facilities are accessible to them. Wheelchair ramps are installed at key entrances and exits, allowing students who use wheelchairs to access all campus amenities. Additionally, elevators are available to facilitate convenient vertical mobility for students with physical disabilities. The university's restrooms are also designed to accommodate the needs of individuals with disabilities, promoting accessibility and inclusivity throughout the campus (see Evidence No. 1 for more details).
